## What's new about the National Archives Catalog?

Some of the background images you will see on the National Archives Catalog homepage.

**We've made significant improvements to the Catalog that will make it easier to use, more interactive, and an even more valuable research tool.**

These improvements allow you to:

- Enjoy the updated homepage featuring background images from Catalog records
- Add your comments on digitized records, descriptions, and authority records
- Find what you need with a [more intuitive advanced search](#)
- Efficiently browse hits with better "Next Page" link placement
- Track your [Citizen Archivist](#) contributions with [updated user account pages](#)

- Add data from scanned records to your developer toolbox with increased [API](#) functionality

**Want to know more about the new features?** Over the next several weeks, we will be featuring posts on the [NARAtions blog](#) to highlight some of the new functionality. The first of the series will be on advanced search, followed by a post on the API. Be sure to check in with NARAtions regularly or follow the blog by email to get updates!

**Questions or comments?** Email us at [catalog@nara.gov](mailto:catalog@nara.gov) if you have questions or comments about the new features or using the Catalog in general.
