July 4 Virtual Celebration!

Join us for our first-ever virtual ceremony! The National Archives will host a [virtual Independence Day celebration](#) on July 4, 2020, in partnership with the nonprofit National Archives Foundation. The event will take place at 4 p.m. on [@USNatArchives Facebook](#) page and [YouTube channel](#).

The National Archives celebrates Independence Day with musical performances, a dramatic reading of the Declaration of Independence, and history-related family activities on July 4th, 2019 in Washington, DC. NARA Photo by Ted Chaffman.

Several hours of additional educational programming will be offered throughout the day.

For 50 years, the National Archives has hosted a reading of the Declaration of Independence at its iconic home in Washington, DC, to celebrate the founding of the United States. This year, the National Archives will lift the words of the Declaration of Independence off of its well-worn and much-loved parchment and bring them to homes across the country through this virtual program.

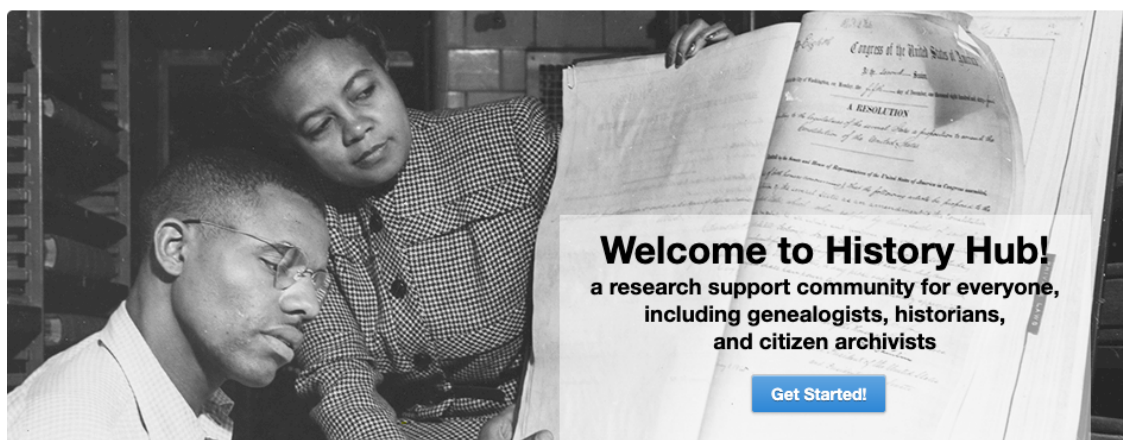

Host and narrator Soledad O'Brien will capture the patriotic spirit of the occasion and allow Americans across the country to take part in the Archives celebration. For the full schedule of programs from June 11 through August 2, visit www.archivesjuly4.org/schedule/virtual-journey.

History Hub

Have a question? [Find your answer on History Hub!](#)

History Hub is our support community for researchers, genealogists, history enthusiasts, and citizen archivists. Ask questions, share information, work together, and find help

based on experience and interests. Researchers can ask—or answer—questions on [History Hub](#), or search to see if a question has been asked before.

[Citizen Archivists, there's a group just for you!](#) You can share tips and strategies, find new challenges, and get support for your work. Get started with our poll: [What kinds of records do you like to transcribe?](#)

COVID-19 Update

The National Archives is committed to the health and safety of our visitors and staff. We are closely monitoring the situation regarding COVID-19, and we are working with public health officials and our counterpart agencies to monitor and respond to the evolving conditions and following CDC guidelines.
